

Teen Challenge

General: Coordinate with the Quilt Show Chair and the Set Up Coordinator to determine how many workers and the times they are needed. All the crews we have worked with, are at this facility by court order—none are teens. They are polite and happy to work outside the center.

Call the Teen Challenge center and make a “reservation” for workers about a month before the show. Be prepared with the schedule and amount of workers you will need.

Arrange for transportation of the workers to and from the center and the storage facility, they do not drive and we have to provide the transportation.
